

DON'T BUY ASPIRIN IN A "PILL" BOX

Ask for "Bayer Tablets of Aspirin" in a Bayer package—marked with "Bayer Cross."

You must say "Bayer." Never ask for merely Aspirin tablets. The name "Bayer" means you are getting the genuine "Bayer Tablets of Aspirin," proven safe by millions of people.

Don't buy Aspirin tablets in a pill box. Insist on getting the Bayer package with the safety "Bayer Cross" on both package and on tablets. No other way!

Beware of counterfeits! Only recently a Brooklyn manufacturer was sent to the penitentiary for flooding the country

with talcum powder tablets, which he claimed to be Aspirin.

In the Bayer packages are proper directions and the dose for headache, toothache, earache, neuralgia, rheumatism, lumbago, sciatica, colds, grippe, influenza, colds, neuritis and pain generally.

"Bayer Tablets of Aspirin," American made and owned, are sold in vest pocket boxes of 12 tablets, which cost only a few cents, also in bottles of 24 and bottles of 100—also capsules. Aspirin is the trade mark of Bayer Manufacture of Monocetate of Salicylic Acid. —Adv.
